We present observations on the effects of various stressors on the reproducibility of sporozoite-like cells (SLC) detected in splenic smears from *Aedes aegypti* infected with *Plasmodium gallinaceum*, *Puccinia recondita*, or *Crenosoma striatum*. Strain-dependent decreases in SLC detection were observed, but generally only in the presence of added stresses. Increasing the duration of smear collection from the initial 100 to 300 s decreased SLC detectability in *Aedes*-infected mosquitoes but not in *Crenosoma*-infected mosquitoes. Shortening the time between splenectomy and smearing of the spleen also increased SLC detectability in *Aedes*-infected mosquitoes. I was twenty-three and had a gap year ahead of me. It was a magical, magical time and I couldn't wait to get started. I applied to work in real estate, but the numbers were terrible. But, one of the partners at my favorite Upper East Side boutique, Frederick's of Hollywood, was dying to get someone to take over his wife's husband's job. He needed someone to take over the assistant manager role, and I was jumping at the chance to be a part of a thriving clothing store, but I wanted to work at a hip boutique. So, I said yes. You know what else? I was broke. Sometimes I would go to a restaurant and pay for one/two meals. Sometimes I wouldn't. But, it was fabulous. I was at a specialty store with expensive clothes. I could spend my money on those clothes instead of groceries. We don't have credit cards in Italy

The lawmakers are arguing that Tillerson, along with other administration officials, have consistently put U.S. relations with Ukraine in jeopardy by disparaging the State Department's diplomatic efforts to end the war with Russia in the country's eastern regions, the sources said. Ilhan Omar (D-Minn.), one of the lawmakers involved in the effort. "This undermines the best chance of stabilizing the situation in Ukraine," she added. The effort comes as Republicans and Democrats fight to confirm Tillerson, the former chief executive of ExxonMobil, to be the secretary of State. Tillerson is widely viewed by members of Congress as a political outsider who won't bow to pressure on policy positions and is therefore not well-liked by members of either party. Congressional sources have said that Tillerson is unpopular in Washington, with many members of Congress concerned that he doesn't know many people in D.C. and doesn't understand the intricacies of policy. Tillerson's Senate confirmation hearing was delayed as lawmakers probed his views on Russia, climate change and North Korea. It's unclear when the hearing will be rescheduled. The episode comes as Tillerson prepares to take office, and as members of Congress and the White House have spent the past year discussing whether to lift sanctions on Russia over its annexation of Crimea, a move that sparked an international crisis.
