When you open the **Gradient** panel, you'll see a gradient selector with four options: **.Linear** Gradient, **.Radial** Gradient, **.Gradient with Options** and **.Gradient over a Shape**. There are a lot of ways to change the appearance of your gradient. When you click on the **Linear** Gradient button, you'll see four top, left, right and bottom points for controlling the gradient. e3d0a04c9c
